

TRANSLATION OF LETTER SIGNED BY GEDOLEI YISROEL

Bais Yaakov Lechu V'Nelcha B'Or Hashem

A new trend has been brought to our attention by prominent *mechanchos*, who invest their hearts and souls into *chinuch habanos*.

Regretfully, many *Bnos Yisrael* who come from good, *frum* homes, begin to look for jobs after they finish school and seminary. Some of them attend frameworks and courses in various arts and professions that are not in accordance with our way of life and that are not approved by Rabbanim. Painfully, within a short time they lose all the *chinuch* that they have acquired over the years. Therefore, we were very pleased to hear about an organization, namely Lechu V'Nelcha, that offers regular lectures and *shiurim* in an educational framework that is suitable for these graduates.

We are calling on the graduates to register for these *shiurim*, and for their parents to encourage them.

We are calling on high school and seminary principals to help us, and we declare according to *daas Torah* that you have to encourage and urge your graduates that after they finish high school and seminary they should join such an organization and attend regularly. One example is the well known Lechu V'Nelcha organization, and there are similar groups, which follow our *mesorah*.

We sign on behalf of the spiritual future of *Bnos Yisrael*, and for the future of *Am Yisrael*.
